

Explore & Observe

At Graham creek preserve

Pre-school through 3rd grade children will be able to explore the outdoor classroom and observe the natural environment through stories, activities and play time.

Pre-school children can attend a twice a month two hour event featuring a natural theme. Themes will be based on seasons and flora and fauna found in the Preserve. Activities will feature a story about the theme, exploring the outdoor classroom, observing the theme, and an art project related to the theme.

Elementary school students (K-3rd grades) will be offered field trips related to the themes. The themes will be based on the seasonal weather at the Preserve. The two hour trip will include activities featuring a story about the theme, exploring the outdoor classroom, observing the theme in the natural environment and an art project related to the theme.
